## 10 Tie Breakers

If teams are tied at the end of round robin play, the following decision format will decide what team will advance to the play-off round; the decision format will be followed in sequence with no reverting back

- a) Two teams only: head to head play
- b) Most wins
- c) # of Goals For divided by the sum of Total # of Goals For and Against; i.e.: Goals For / (Goals For + Goals Against); higher percentage will advance. For example, team A scores 12 goals and has 4 against =  $12/(12+4) = 12/16 = 0.75 = 75\%$
- d) Fewest Goals Against
- e) Team that scored first goal in head to head (2 teams only)
